OPEN LETTER TO RESEARCHERS IN SINGULARLY PERTURBED SYSTEMS AND
THEIR APPLICATIONS

RE: DYNAMICS OF CONTINUOUS, DISCRETE AND IMPULSIVE SYSTEMS: AN
INTERNATIONAL JOURNAL ON THEORY AND APPLICATIONS

SPECIAL ISSUE ON SINGULARLY PERTURBED DYNAMIC SYSTEMS IN CONTROL
TECHNOLOGY

Dear Researchers in Singular Perturbations and Applications,

As a newly appointed member of the editorial board of the journal *Dynamics of Continuous, Discrete and Impulse Systems: An International Journal for Theory and Applications*, I have been invited to prepare a Special Issue of this journal titled *Singularly Perturbed Dynamic Systems in Control Technology*, to be published in December of 2001, Vol. 8, number 4.

RESEARCHERS IN SINGULARLY PERTURBED SYSTEMS ARE INVITED TO SUBMIT
HIGH QUALITY PAPERS FOR THE SPECIAL ISSUE. The time schedule for the issue is as
follows:

Manuscript Submission date **May 1, 2001**

Acceptance Notification **July 1, 2001**

Final manuscript due **October, 2001**

Since this is a relatively new journal I would like to inform you that this journal already has a good reputation and it is indexed and abstracted in *Science Citation Index*, *CompuMath Citation Index*, *Mathematical Reviews*, *Research Alert*, *SciSearch*, *ISI Alerting Services*, *Zentralblatt Fur Mathematik/Mathematics Abstracts*, *Current Mathematical Publications*, and *Mathsci*.

Please submit three copies of the paper to Professor Zoran Gajic by the above deadline.

For more information please send email to Professor Zoran Gajic at gajic@ece.rutgers.edu
