Individual Contributions Breakdown

1. **Program Code Writing**—list explicitly which use cases or user interface screens were programmed by individual team members –

30 points- Erjon Malaj

2. **Unit Testing** - (includes writing the program code to run unit tests and analyzing their coverage)—breakdown by individual team members, applies to all remaining items –

10 points – Erjon Malaj

3. **Webpage Design** – 3 points -Walid Aljabowbi

2 points – Nancy Andia

4. **Integration and Integration Testing** - cross-platform issues, if you are developing for desktop and smartphone‡

5 points – Eric W.

5 points – Matthew Moccaro

5. **Debugging**

5 points – Jae Lee

7. **Program Documentation**, including code comments, technical documentation, user documentation,

3 points – Matthew Moccaro

7 points – Jae Lee

8. **Brochure/flyer Preparation**—informativeness and general appearance of the product brochure

5 points - Nancy Andia

5 points – Walid

9. **Slides Preparation**—informativeness and general appearance of the slides

4 points – Matthew Moccaro

4 points – Walid

10. **Project Management**, including

- opening accounts on public websites for the project
- organizing meetings
- coordinating activities
- system evaluation with external users (if applicable)
- installing and maintaining the developer's resources
- 5 points- Nancy Andia
- 7 points – Eric W.

Total Points : 100 points

Erjon Malaj- 40

Matthew Moccaro – 12 points

Nancy Andia – 12 points

Eric W. – 12 points

Walid – 12 points

Jae Lee – 12 points
