

Android App For Easy Access

We've even created an Android app for easy access to reserve a spot on the go

Teamwork In Action

Our group works very well off of each other and has no weak links. Based off of this and our current progress, this project will be fully completed by the end of the semester.

Each member contributed equally on this demonstration.

Team:

Bart Agas, Christopher Tran, Marvin Germar, Michael van Genderen, Justin Levatino, Tarun Katikaneni

Automated Parking Garage

Fully automated parking garage with plate recognition system, vacancy detectors, and much more!

All Requirements Being Implemented

High priority requirements such as Vacancy checking and Reservation creations have already been implemented. The lesser priorities are even faster to implement!

Soon To Be Completed Fully Functioning Website

Will be able to create a user account and reserve a spot at your own leisure. Can also check to see which spots are currently available!

Reserve Your Spot Today

It's as simple as logging onto our website

www.reserve-your-spot.com

RESERVE YOUR SPOT!
